## About Cops & Cruisers

The **Phoenix Police Museum** preserves a part of Arizona's law enforcement history. The museum includes exhibits and interactive tours focused on history and law enforcement's relationship with the public. Cops & Cruisers at the Capitol was created to highlight our current fleet of historic police vehicles and provide the community a chance to be included. We currently have four vehicles in our care and are working on a fifth. They range in time from the 1920's to the 1980's. It's a unique car show that will feature classic, muscle, sports, antique, truck, motorcycle and special interest vehicles. The proceeds from this event allow us to create new exhibits, pay for upkeep and maintenance, and provide community outreach efforts.
